Argentina Domestic Airfare - Reconfirmation

Because Argentine airlines are notorious for schedule changes, we recommend that you contact the airline 3 days prior to your departure to reconfirm your flights.

United Airlines 1-800-538-2929

BAGGAGE

Baggage Allowance on International flights is 2 checked bags and one carry-on. Weight restrictions vary among the different airlines, but for sure no bags are accepted over 100 lbs on any airline. If you are not flying on Aerolineas from the U.S. you can expect to pay an overweight baggage fee for your Argentina domestic flight, if your bags collectively weigh over 50 lbs. Baggage allowance on domestic Argentine flights is very confusing and inconsistent. Be sure and watch to make sure your luggage is tagged properly.

TAXES

Electrical Current

The electrical current in Argentina is 220 volts, 50 cycles, so a standard converter and European adapter for two-pronged plug is necessary for any electric appliance. If you need to plug in electrical devices including laptops, hair dryers, or electric razors, we recommend bringing two power converters in the event one burns out.
